Please find below and/or attached an Office communication concerning this application or proceeding.

Response to Amendment

The reply filed on January 5, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the copy of the claims submitted is unclear with respect to what is original claim language and what is new when there exists more language in claim 1 than was originally filed and such is then stricken out for deletion however this language had never existed in the claim. To clarify the record as to what is original claim language being removed and what is added, a new copy of the claims is requested including only that which was original claim language being deleted in strike out form and only that which is new in underlined form. It is also noted that no copies of the PCT are included in this application, it would be appreciated if copies could be supplied so that the examiner can consider them when deciding whether continuity exists in order to properly determine the date which applicant is entitled. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James F. Hook whose telephone number is (571) 272-4903. The examiner can normally be reached on Monday to Wednesday, work at home Thursdays.
